Building and Land Technology Hires Kathleen Williams as Leasing Director

Will Focus on Commercial Leasing Across Firm's Properties

STAMFORD, CT – June 12, 2014 – Building and Land Technology announced today that Kathleen Williams has joined the company as director of leasing. Ms. Williams brings more than 28 years of relevant experience—in a wide range of areas—to the job, including development, leasing and tenant and broker relations.

In her new position, she'll focus on commercial leasing across the company's portfolio, which includes properties located in Norwalk, CT and the commercial properties at the redeveloped Harbor Point—more than 100 acres of urban, mixed-use development along Stamford, CT's waterfront. In all, she'll manage leasing for in excess of four million square feet of commercial space.

"Kathleen has just the mix of experience that we need to continue our successful portfolio-wide commercial leasing campaign," said Carl R. Kuehner III, CEO of Building and Land Technology. "At Harbor Point, in particular, commercial tenants are a crucial component of the mixed-use, live/work environment we've created there. I'm excited to see Kathleen step into this position and further develop our roster of tenants."

Ms. Williams most recently served as director of leasing at the Fusco Management Co. She also previously worked at Black Rock Realty, where she was an executive vice president—leasing; and director of leasing at Albert D. Phelps/Merritt 7 Corporate Park.
